### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

2. Authorization for this examiner's amendment was given in a telephone interview with the corresponding attorney on December 4, 2006.

3. The application has been amended as follows:

In the claim 1,

After "*respective rows of the pixels*" disclosed on the last line of the claim, please insert,  
-- wherein the first row select pulses and the second row select pulses are supplied to the row electrodes at different timings --.

4. The following is an examiner's statement of reasons for allowance:

Kondoh (US 2002/0158831) teaches a driving method of a liquid crystal display which comprises a selection period for determining the state of the liquid crystals and a reset period for resetting pixels to a black display state.

Shin (US 7,042,426) teaches an image display apparatus including a scanning driver which comprises a first shift register for supplying a first scanning signal and a second shift register for supplying a second scanning signal.

Yamazaki (US 5,179,371) teaches a liquid crystal display adopting a method of providing correcting voltages upon a signal voltage wave / scanning voltage wave.

Morris (US 5,132,678) teaches a row driver of a display including a first shift register and a second shift register, wherein the mode of the second shift register is determined by the output from the first shift register.

Art Unit: 2629

None of the prior arts listed above teaches an active matrix LCD including a row driver comprising a first shift register and a second shift register, wherein the first shift register generates first row select pulses in response to a first scan start signal at a first timing and a second shift register generates second row select pulses in response to a second scan start signal at a second timing which is different from the first timing.

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Seokyun Moon whose telephone number is (571) 272-5552. The examiner can normally be reached on Mon - Fri (8:30 a.m. - 5:00 p.m.).
